Infa-Lab Magic Touch™ Bite Relief™ is designed for year-round temporary relief of stings, pains and itching due to most non-venomous insect bites. Helps reduce swelling.

Directions For Use:

1. Twist open dispenser cap
2. Dab moist top with gentle circular rubbing motion on affected area.
3. Repeat application if itching persists or recurs.

Bee stings only: Remove stinger before treatment

Do not use on children under 2 years of age except under the advice and supervision of a physician.
